

Dear 308 Families,

My name is Michelle Earley and I am currently serving as your Parent Educator/Family Support Coordinator for our Early Childhood community. I am so excited to be a part of this ever growing community, and I can't wait to start creating relationships with you and your family!

I hold a Bachelor's Degree in Early Childhood Education from Governors State University with a minor in Special Education. With over 15 years of experience, my role in education has been very diverse in that I have worked with families and children from newborn through 11 years of age. Before School District 308, I worked as a Developmental Therapist through Early Intervention where I provided services in the home by working closely with the families to make sure their needs were being met. I implemented activities that were age appropriate, as well as engaging. I feel when we create these bonds it builds the foundation for the overall success our children need today. Over the last five years, School District 308 has been a second family to me, and I feel I have really found my home here. During these five years, I worked as a Reading Interventionist providing services for grades K-5. In that role, I planned and implemented developmentally appropriate lessons, worked closely with our Reading Team, as well as classroom teachers, and managed small groups. I constantly look for ways to further my education, whether it be through district trainings or on my own.

I am a mother of two boys, Ayden and Nathan, who are both currently attending School District 308 schools. My husband Josh and I live within the Oswego community and have found it a great place to raise our family. When I am not working, I love decorating and practicing yoga. As a family, we enjoy the outdoors and visit Michigan often. I am a curious, outgoing, and genuine person. Once you meet me, you will quickly notice how passionate I am when it comes to working with children.

I look forward to getting to know all of you, and working together to serve the needs of our early childhood children and families. Please know I am available to answer your questions by phone or email.

Sincerely,

Michelle Earley
Parent Educator/Family Support Coordinator
