

# A.C.E. Accelerate Career through Education

## *Road Map to College*

Accelerate Career through Education (A.C.E.) is offering district junior high school and elementary students the opportunity to join the A.C.E. Enrichment Club's engineering session.

The A.C.E. Enrichment Club:

- Promotes critical thinking
- Provides real-world learning opportunities that support core subjects
- Encourages interest in engineering
- Brings curriculum to life in a club-based setting

The A.C.E. Enrichment Club is a subsidized, fee-based program offered to School District 308 junior high and elementary students.

- Registration is on a first-come, first-served basis.
- The cost of the six-week session is \$180.
- Limited scholarship opportunities are available to qualifying students.
- Interested students should email Wanda at [A\\_C\\_E@comcast.net](mailto:A_C_E@comcast.net)

Register on line [www.aceducationcollege.com](http://www.aceducationcollege.com), drop off at the host school front office, or call Wanda or Susan at (331) 642-0273
