■ A MESSAGE FROM THE SUPERINTENDENT

The Class of 2020 will certainly never forget their final months of high school. The unprecedented closure of schools and cancellation of all events for the last quarter of the school year was not what anyone imagined this final chapter to look like.

With the circumstances beyond anyone's control, students and families overcame obstacles and joined together to persevere. These students illustrated what true adaptability, resiliency, and optimism look like, as they quickly changed the way they learned and interacted with their teachers and classmates, and succeeded.

This community banded together to meet the needs of their neighbors and classmates. Innovation and creativity was shown abundantly as students were honored and celebrated in new ways. While we all wish that these special moments for our graduates could have been the large celebrations that have historically been, the sentiments remain unchanged. Your teachers, school and district leaders, and the Board of Education are all very proud of you, of all you've accomplished, and of what you have overcome.

Congratulations on your graduation, and best of luck to you on all your future endeavors. You have left an incredible and positive impression on our district, and you will be missed!

Sincerely,

Dr. John W. Sparlin

Superintendent of Schools
