

2021-2022 Kindergarten Screening

Oswego CUSD #308 would like to welcome all incoming kindergartners and parents to our annual kindergarten screening. Kindergarten screening is a brief, individually administered measure given to all incoming kindergarten students to gauge the development of skills prior to the start of the kindergarten year. Kindergarten screening is *not* a process of determining eligibility for kindergarten; all students who meet the age requirement are considered ready for kindergarten and encouraged to enroll. Oswego CUSD #308 teachers will administer and supervise all screening activities. Screening results provide useful information for planning instruction and designing learning experiences that address the educational needs of all incoming kindergartners in reading and mathematics.

While kindergartners are being screened, parents will be asked to complete a parent information survey. Parents will also have the opportunity to access information regarding transportation, food services, and district health services.

WHO: 2021-2022 Kindergartners and Parent(s)

WHEN: June 17, July 14, or August 3
8:30AM-12:30PM / 4:00-6:30PM

WHERE: East View Academy Gym (Door 20)
4209 Route 71, Oswego

An appointment is necessary. Please schedule your appointment by completing the appointment form at: <https://www.sd308.org/KindergartenScreening>

If your child was enrolled in a half-day early childhood program at Brokaw Early Learning Center, Prairie Point Elementary, or Southbury Elementary, s/he was screened at their school during the school day. You do not need to attend this screening.
